

Mill Creek Lake

LOCATION AND FACILITIES

Mill Creek Lake is located in the Natural Bridge State Park, which has a lodge, restaurant, camping and numerous natural arches. This lake was built in 1963 and opened to fishing the same year. Repairs were made to the dam in 1986. A launching ramp is available, but operation of internal combustion motors is prohibited.

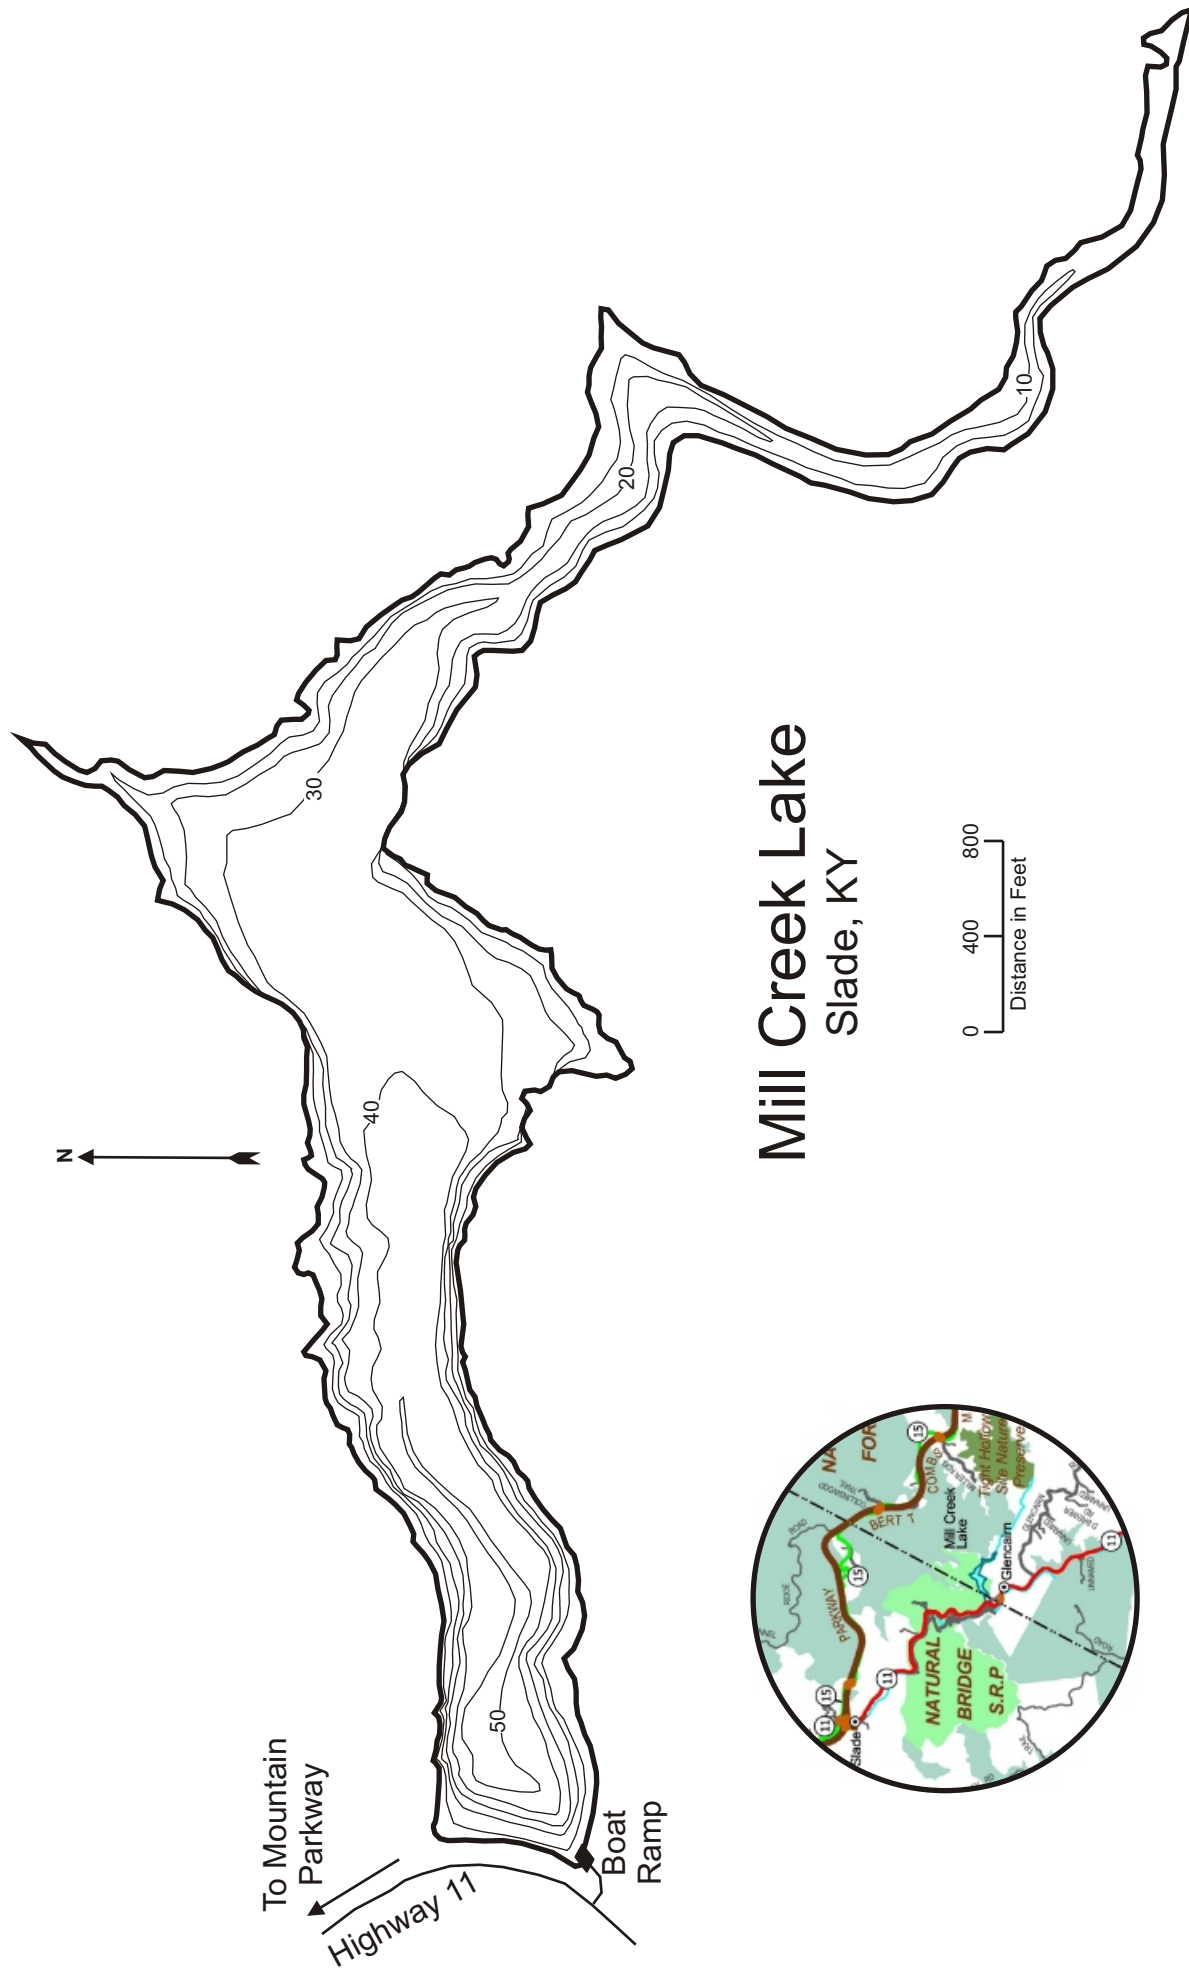

THE FISHERY

Species present in the lake include largemouth bass, bluegill, black crappie, longear sunfish, green sunfish, rainbow trout, channel catfish and black bullhead.
